CHOOSE YOUR DESIGN & WRAP WITH STONE

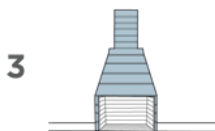

Stonewood Products offers great modular outdoor fireplace options to enhance your outdoor living space.

Set base plate on non-combustible foundation.

Place centerbacks along rear of base plate and build smoke chamber.

Install fire brick and fireplace is complete.

Let us help you build the fireplace you need.

Modular Outdoor Fireplaces are ready to assemble. Just add stone and you are ready to go!

Why Fireplace Kits?

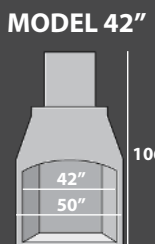

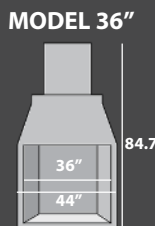

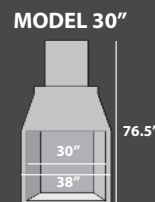

Our outdoor fireplaces include 2-3 feet of masonry chimney. This innovative system is easy to install and is less than half the cost of a scratch-built brick and mortar fireplace!
