

**STONEWOOD**  
Architectural

## Our Focus

Stonewood Architectural features a curated selection of architectural elements including Sawyer Mason wide plank flooring, reclaimed and specialty wood for wall boarding and floor covering, reclaimed beams and unique hardscape materials.

# Extraordinary Products

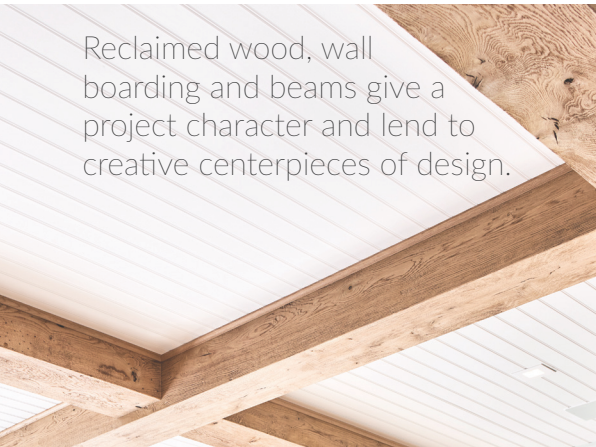

## Sawyer Mason Flooring

Wide plank structured wood flooring that provides unique colors, superior stability, and easy maintenance.

## Unique Accents

Reclaimed wood, wall boarding and beams give a project character and lend to creative centerpieces of design.

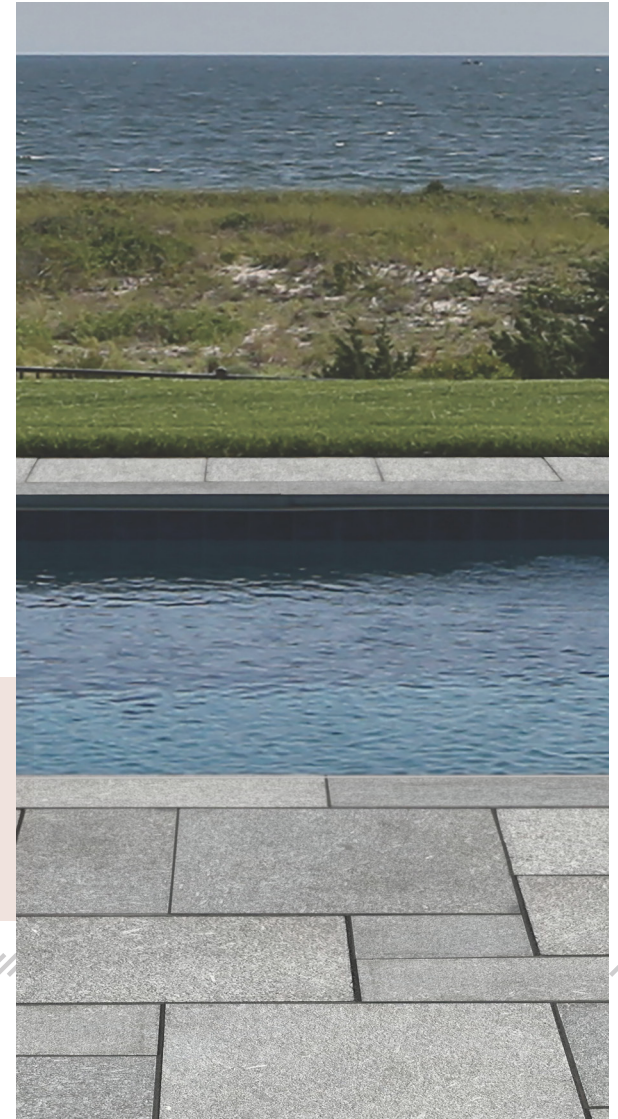

## Summer Hill Granite

European quarried granite pavers offer top quality for the highest expectations.

## Everblue Pavers

Everblue pavers are stain and chemical resistant and won't fade with exposure to the sun.

# At Your Service

We know your clients demand excellent customer service and Stonewood Architectural's team delivers just that. We provide the products to help you create the project of their dreams.

Our Team is here for you with exclusive service, the best in Stonewood Products, and a catered approach for all of your projects.

“ We couldn't be happier. The Sawyer Mason floors were everyone's favorite part of the residence. What a great product and excellent service as well. ”  
- CD Design + Build | Newport, RI

“ As a demanding landscape designer, I specify a lot of materials, and am always looking for quality and products that make a statement. Stonewood is my go to partner and the team is excellent! ”  
-ML Curadossi Design
