

SAWYER | MASON

SAWYER || MASON

We set out to make a floor that combines the beauty of wide plank with the latest trends in design. A wide plank wood floor that uses authentic real wood, is green, and doesn't compromise on stability. And, most importantly, we wanted to offer the most amazing looking structured plank flooring that offers stunning unique colors and textures.

We're always adding to our stock.

For a complete listing of our current inventory,
contact your representative.

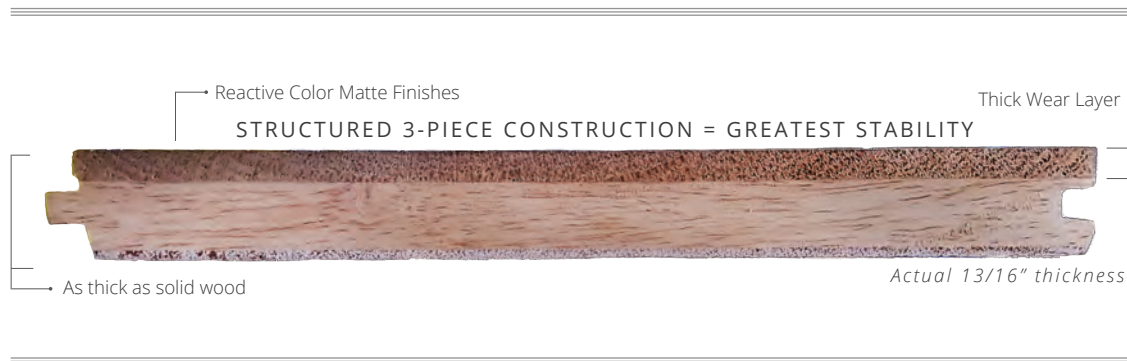

THE SAWYER MASON DIFFERENCE. CONSTRUCTED LIKE NO OTHER.

The scientifically formulated Para Wood core ensures our floors can withstand external pressure to change.

Our floors are less likely than traditional flooring to expand, contract, or move when exposed to moisture, humidity, or temperature extremes.

From foundation to precious hardwood surface, each individual layer of our structured flooring is best-in-class.

Together the result is unparalleled.

Top Coat

Our finishes include a wide range of colors and stains which are protected with premium top coats of either 7 layers of scratch resistant UV-urethane or 3 layers of UV-oil.

Hardwood Surface

Produced from premium, sustainably sourced hardwoods including European French Oak and Hickory, our hardwood surfaces are available in surface thicknesses of either 3.2 or 6mm.

Para Wood Core

At the heart of every floor is our specially formulated pattern of Para Wood, a sustainable hardwood with characteristics similar to Oak, which gives the flooring its core strength and stability.

Foundation Layer

The bottom timber foundation layer adds additional stability and durability to the floor.

BACK BAY COLLECTION

European French Oak

Our Back Bay Collection is inspired by a mix of modern and classic Boston architecture that portrays the flexibility of applications for this series.

Victorian brownstones mixed with new lofts and skyscrapers are home to some of the most famous buildings in Boston.

Deep tones of espresso to warm rustic browns and hickory create a perfect palette of warmth and elegance.

All widths and specs can be customized to fit your needs.

EUROPEAN FRENCH OAK

VINTAGE COLLECTION

European French Oak

Looking for rustic floors? We have just what you're looking for. The Vintage Collection showcases distinctive French oak planks with the rustic character of filled knots and cracks and a gently wire-brushed texture.

Recalling the feel of hand-hewn planks that have graced European farmhouses for centuries, these extra wide and long-length planks have been antiqued by artisans to elicit a feeling of authenticity and age.

All widths and specs can be customized to fit your needs.
