Natural Stone Pavers

Select Stone Collection

Our select stone paver collection offers premiere and beautiful stones that are perfect for any project. This collection includes granite, limestone, sandstone, and more, allowing you to achieve the exact look you are striving for.

The thickness of every stone is uniform, making it easy to install, saving you time and money. If you're looking for stone that is unique and stands out, this collection lends stones that are hard to find and offer a different look with varying colors and characteristics.

Travertine – Marble

Take your project to the next level with Travertine Pavers. Sold in French pattern configuration, this elegant pattern will transform your deck or patio. The consistent thickness of our travertine pavers makes the stone freeze thaw compatible, so it will do well in all climates.

With a high coefficient of friction and heat resistability, you will be able to walk comfortably on the pavers no matter the temperature or wetness. Easy to install and maintain, these pavers are perfect for all pool decks and patios.

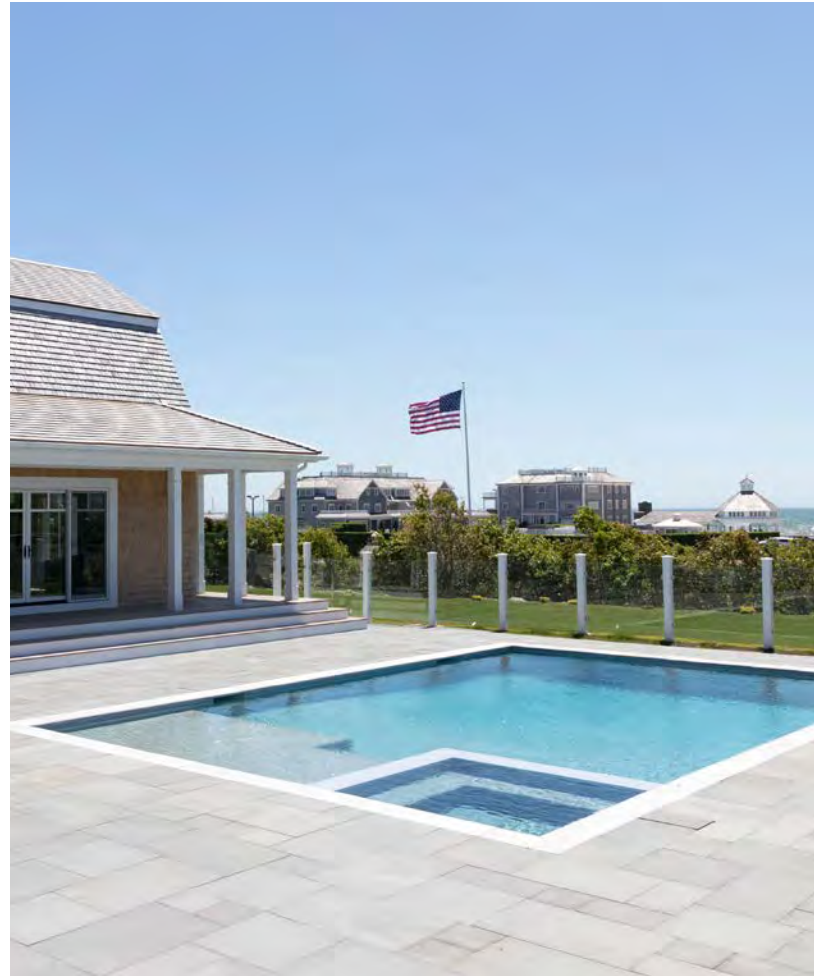

Natural Selection. Quality.

At Stonewood Products, we pride ourselves on consistently delivering the highest quality natural stone from across North America and the World.

We take special care to find great sources to keep our prices low and our product quality high.

Travercore – New Additions

Choose Travercore, our new addition that looks just like Travertine. The wide array of colors, patterns, and textures allows you to fully match and design your space to your exterior aesthetic, while keeping maintenance to a minimum.

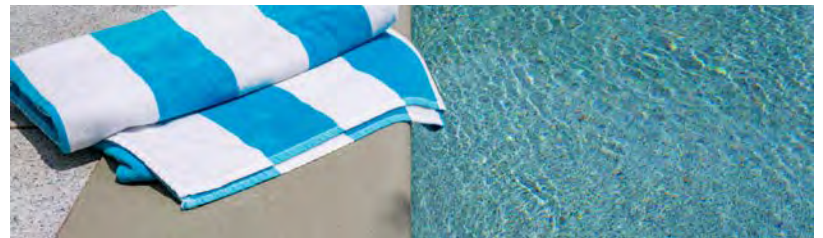

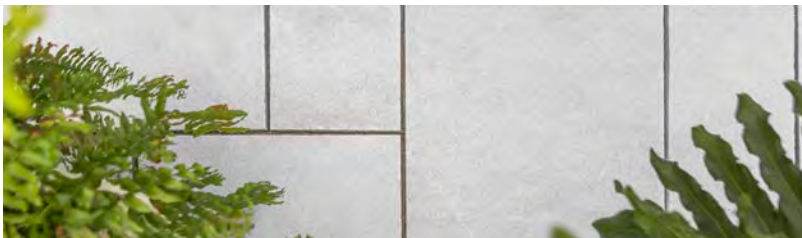

We search everywhere to bring you the highest-quality stone the world has to offer. We boast the best selection with outstanding collections that will define your spaces.

Traditional Favorites

From timeless classics like bluestone pavers and cobblestones for aprons, to accessories and bricks, we have all the standards in masonry and landscape design.

Match the traditional favorites that still are best sellers.

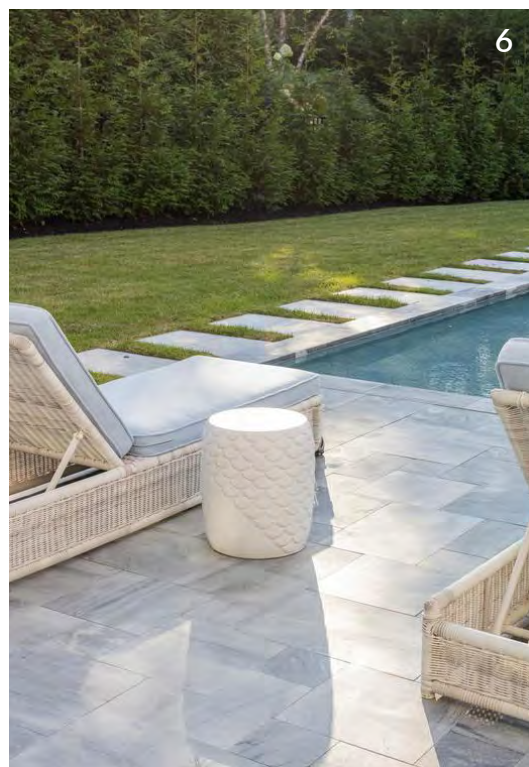

Choose Pennsylvania wallstone with irregular flagstone to create a rustic look in your space.

Select Stone Collection

SPECIALTY
WOOD

A pagoda is an attractive alternative to an awning or large umbrella for those days when you need relief from the sun.

Often placed over a patio, next to a pool, or over a hot tub or outdoor kitchen, a quality pagoda can increase the value of your house and makes those outdoor gatherings even more enjoyable.

Whether you are looking for exotic Ipe, Knotty Cedar for a classic look, or quality Mahogany, our selection of decking woods and PVC has it all.
