Transform Your Space

WALLBOARDING | FLOORING | BEAMS | VENEER

At Stonewood Products, we strive to be the leading edge of design trends to offer you unique materials that are the foundation of amazing spaces.

Design Tip

The floor is the foundation to the space and essential to interior design. It influences the room's tone, color palette, and style, acting as the backdrop for all other elements. By selecting the floors first, designers ensure that subsequent choices, like cabinetry, paint, and furnishings, complement and enhance the flooring.

Paver Selection

Stonewood Products offers the best selection of natural stone materials and products. Pavers and flagging are the ideal stone for patios, driveways, pool surrounds, walkways, and more – both residential and commercial.

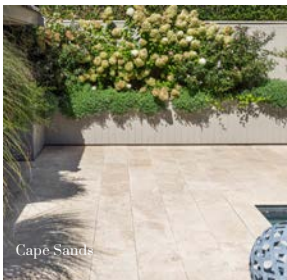

Granite

Our granite is available in a variety of colors and shapes because no two pieces are alike, making granite a very versatile option when choosing a natural stone for your patio.

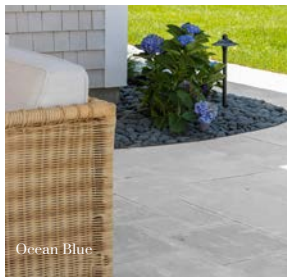

Bluestone

Choose from the biggest bluestone pavers selection: pattern bluestone, irregular flagging, bluestone treads/coping, bluestone steps and custom cut blue stone.

Travertine

Perfect for pool decks and patios, Travertine stays cool under bare feet unlike other types of natural or manufactured stone.

Select Stone

Our Select Stone Collection including porcelain, sandstone, marbles, and more, offers you durable pattern stone for any project. Access our Global Quarry Network of many textures and colors.

Design Tip

Whether used in contemporary landscapes or rustic retreats, veneer brings a polished, upscale look that enhances curb appeal and creates inviting, cohesive outdoor living areas. Durable and low-maintenance, it's a smart, stylish solution that combines practicality with architectural charm.

THIN STONE VENEER

Natural Selection

Veneer adds timeless elegance and sophistication to outdoor environments by blending the natural beauty of stone with modern design flexibility.

Weathered Rounds

Rounds

Round thin stone veneer has been the most popular pattern for all applications. With varying degrees of round cuts, it blends well with interior and exterior designs.

Fieldstone

Mosaic

Mosaic thin stone veneers are made up of a more random irregular cut that gives it an unpredictable yet somewhat repeatable pattern.

Newport Mist

Ledgestone

Ledgestone stone veneer has a shape made up of narrower strips of natural stone. It is more structured looking and works with both contemporary and classic designs.

Commercial Properties

RETAIL | RESTUARANT | HOSPITALITY | OFFICES

Whether you're outfitting office interiors, retail spaces, or managing exterior environments like patios or entryways, we provide high-quality, reliable products to ensure functionality, aesthetics, and long-term performance in any setting.

THE BRANT, NANTUCKET
