FOUNDATIONS

ROUNDS

Rounds thin stone veneer has been the most popular pattern for all applications. With varying degrees of round cuts, it blends well with interior and exterior designs.

ASHLAR

Ashlar veneer is comparable to ledgerstone pattern, but with slightly longer stones. Because the stone face has been split, the natural hues of the stone's grain are visible.

MOSAIC

Mosaic thin stone veneers are made up of a more random irregular cut that gives it an unpredictable yet somewhat repeatable pattern.

LEDGESTONE

Ledgestone stone veneer has a shape made up of narrower strips of natural stone. It is more structured looking and works with both contemporary and classic designs.
