

Cured Old Growth Heart Pine

Naturally Cured Old-Growth Flooring with Authentic Patina

- Reclaimed Look with Maximum Yield
- Superior Stability
- Reclaimed Look
- Competitive Pricing

Introducing Cured Old Growth Flooring, a collection of solid old-growth Heart Pine designed to deliver the authentic character of reclaimed wood with the stability and performance of a modern flooring. Through a specialized curing process, each plank is dimensionally stabilized to minimize seasonal movement while preserving the natural grain, patina, and historic character unique to old-growth lumber.

Available in Original Face (Dirty Face) and Clean Face options, the collection offers the appearance of reclaimed flooring with exceptional material yield, consistent quality, and reduced waste. Manufactured in wide plank, Cured Old Growth Flooring is ideal for flooring, wallboarding, floating stairs, furniture, shelving, and specialty mill work applications.

Species: Old Growth Heart Pine
Thickness: Solid 3/4 Plank
Face Options: Reclaimed or Smooth

Widths: 7.5”, 9”, 11”
Lengths: Up to 16’
