

Cured Old Growth White Oak

Naturally Cured Old-Growth Flooring with Authentic Patina

- Reclaimed Look with Maximum Yield
- Superior Stability
- Reclaimed Look
- Match with Beams

Introducing Cured Old-Growth Flooring, a collection of solid Old-Growth White Oak designed to deliver the authentic character of reclaimed wood with the stability and performance of a modern flooring. Through a specialized curing process, each plank is dimensionally stabilized to minimize seasonal movement while preserving the natural historic character unique to old-growth lumber.

Available in Clean Face (Smooth) and Hand Hewn planks, the collection offers the appearance of reclaimed flooring with outstanding material yield, consistent quality, and reduced waste. This Cured Old-Growth Flooring is ideal for flooring, wallboarding, floating stairs, shelving, and specialty mill work applications.
